Hoof Rasp Stainless Steel

straight	203 623	\$29.95
curved	203 622	\$25.95

Straight rasp has coarse and fine cut both sides. Smooth edges. Size 34cm x 3.5cm. Curved rasp has coarse cut one side and fine cut on other. Smooth edges. Size 30cm x 2.5cm.

Hoof Rasp Carbon Steel

straight	203 617	\$29.95
curved	203 613	\$25.95

Straight rasp has two levels of coarse cut on one side and two levels of fine cut on the other. Smooth edges. Curved rasp has coarse cut on one side and fine cut on the other. Smooth edges. Size of both is 31cm long x 3cm wide.

Hoof Rasp Carbon Steel Heavy

plain	203 615	\$35.95
w. handle	203 616	\$42.95

These rasps are good quality high-carbon steel. Very sharp for heavy-duty use. Plain model has 3 coarse faces and 1 fine, with rasp edges. Size 36cm x 4cm. Handle model has coarse cut one side and fine on other, with rasp edges. Nice plastic handle with useful hanging eye. Blade 36cm x 4cm.

Hoof Rasp Concave Short

203 621	\$27.95
---------	---------

For rounding the sharp edge of the hoof after paring the sole. This prevents direct ground contact by the outer wall of the hoof (equine). Blade 11cm long x 4cm wide.

Horseshoe Puller/Spreaders Nordic

12 inch (31cm)	215 407	\$229.00
----------------	---------	----------

The Nordic combination shoe puller and spreader is forged and heat-treated for greatest strength. The polished tool has sharpened teeth on the outside edges for ease in spreading most shoe sizes and styles. Round knobs on handles make for easier tool selection. Top quality tool from Nordic Forge, USA. Length 30cm o.a.

Crease Nail Puller Nordic

12 inch (31cm)	215 404	\$229.00
----------------	---------	----------

Use for removal of nails from the crease when replacing old shoes, or misdriven nails from new shoes. Top quality tool from Nordic Forge, USA. Length 31cm o.a.

UNAVAILABLE

Hoof Rasp Riders rasp

11cm (blade length)	214 477	NA
blades only (pair)	214 478	\$55.00

The new pack-and-carry tool for all sport riders. Use to maintain the hoof between trimmings, ease breakover, stop cracking, remove flares. Care for the hoof when it loses a shoe. This rasp incorporates two blades set at about 120°. Length 16cm overall. Blades are replaceable.

Hoof Rasp Heller Legend

14" (35cm)	214 474	\$59.95
handle only	214 476	\$17.50

Heller Rasps are for the professional farrier. The Legend has a large, open, tooth angle, making it most suitable for softer, damper horn material that tends to clog finer-tooth rasps. This rasp is ideal for sport horses that may be spending their time outside in sand and mud. The handle (sold separately) is solid plastic material with threaded collar cast inside. (Dimension is excluding tang.)

Hoof Rasp Heller Red Tang

14" (35cm)	214 475	\$59.95
handle only	214 476	\$17.50

Heller Rasps are for the professional farrier. The Red Tang has a slightly finer tooth structure than the Legend. This is best for rasping hard, dry hooves, especially of thoroughbred-type horses, and for foals. The handle (sold separately) is solid plastic material with threaded collar cast inside. (Dimension is excluding tang.)

Hoof Rasp Save-Edge

14" rasp only	215 408	\$92.95	\$89.95
handle only	215 409	\$45.95	

Well known brand featuring special tooth-sharpening to enhance trimming and increase rasp life. Rasp teeth one side, file teeth on other. Rasp edges. Handle separate part, solid plastic with threaded internal collar. Dimension excludes tang.
