Syringe Elplex Acrylic-glass

5ml	220 348	\$14.95
10ml	220 349	\$14.95
20ml	220 351	\$14.95
30ml	220 352	\$15.95
50ml	220 353	\$16.95

Unbreakable, non-distorting, reusable, acrylic-glass syringes that will stand up to all manner of farm use. Can be sterilised in boiling water or in an autoclave. Supplied with removable Luer-lock coupling. Graduation marks are engraved so are permanent. Decent fingergrrips for large hands on cold mornings. Convert to drenching syringes by use of our optional drench nozzles (see entry below).

Syringe

thread-fit	206 284	\$12.95
Luer-lock	206 285	\$12.95

Use one of these all-brass nozzles to convert your Elplex acrylic-glass syringe into a mini drencher for small animal use. For most stable and secure use we recommend you use the thread-fit nozzle (206 284). This is fitted by unscrewing the syringe Luer fitting. An alternative for quick and easy use is the Luer-lock nozzle, which is attached directly onto the syringe Luer fitting (this nozzle will attach to any Luer-tip syringe). Boil after use. Nozzle length 12cm o.a.

Syringe Genia Nylon

300ml	206 303	\$84.95 \$79.95
450ml	206 306	\$115.00 \$109.00

Huge easy-to-squeeze nylon syringes. Use as a one-shot drench gun for bloat, glycerine, obstetric lubricant etc. Got to be useful. Supplied with 19cm long Genia nozzle.

Syringe Genia Plexiglass

300ml	206 304	\$259.00
-------	---------	----------

The Genia Plexiglass is our best quality volume syringe, made in France. This syringe features metal top and bottom caps making it most robust for heavy-duty use. Brass nozzle is 19cm long. A spare seal is included.

Syringe TopDoc

5ml 100-pack	219 549	\$14.95
10ml 100-pack	219 553	\$24.95
20ml 50-pack	219 546	\$19.95
30ml 40-pack	219 551	\$21.95
50ml 25-pack	219 550	\$21.95

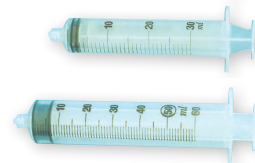

TopDoc are Shoof's own-brand disposable syringes. Indelible markings. Barrels are silicised to make them smooth to use. Tips are strong to reduce breakage. All are slightly bigger volume than nominated (eg: 10ml will open to 12ml). This means plunger is still stable at maximum opening. All luer-slip.
